Elevision™ IR Platform

**Empowers surgeons, supports
better patient outcomes¹**

The Visionsense™ VS3 Iridium system combines high-definition visualization with real-time fluorescence imaging. That:

- Enables surgeons to visualize and assess tissue perfusion in real time
- May result in decreased rates of certain postoperative complications and lower healthcare costs¹

**For more information,
visit the Medtronic booth.**

WORDS OF WELCOME

Welcome to the 15th European Colorectal Congress

Dear Colleagues,

Amidst the pandemic which has taken control over our life since more than a year we want to share with you our hopes for a brighter time.

This year the European Colorectal Congress 2021 will take place again in St. Gallen and we can welcome our friends and colleagues face-to-face and exchange thoughts and suggestions with each other.

As always we will start with a Masterclass in Colorectal Surgery on Sunday, November 28, followed by 3 days of plenary congress for another St. Gallen Colorectal Surgery Week. A Course in Proctology and Hernia Surgery will be given on Thursday, December 2.

More than 40 scientific lectures given by the best international speakers will cover most hot topics in Colorectal Surgery.

Expect the highest Swiss quality in professional education and practical knowledge for every clinical need.

Prof. Dr. Jochen Lange
President, Scientific Committee

Find a hotel

For more information regarding available hotel rooms during the congress please address yourself to the congress information desk in hall 3.0.

Airbnb.com

If you are looking for cheaper accomodation possibilities, we highly recommend airbnb. There are approximatly 610 rooms or flats available with an average price of 74 Euros per night. Just search for offers near the city of St.Gallen.

Conference App

Scan the QR code.
After installing the SynopticCon App you will be redirected directly to the congress.

We are happy to announce that the European Colorectal Congress can be held in-person.

Due to the current development of the Corona pandemic, the Federal Council of Switzerland has decided on far-reaching opening steps for exhibitions and congresses. Among others, the upper limits for events are dropped.

For vaccinated, recovered and tested persons, no restrictions apply to the congress.

This means that distance rules and the obligation to wear masks will no longer apply to these participants, provided that no new virus variant appears against which the vaccinations are only insufficiently effective.

To ensure the safety of all participants, we will ask for a Covid certificate (vaccinated, tested, recovered) together with personal identification at the entrance to the congress.

All entrants must present a completed [entry form](#). Participants from non-EU countries (e.g. USA, Emirates) unfortunately have to have their certificate converted into a Swiss certificate. This can be done for a processing fee of 30.- CHF via the following website:

National COVID certificate application platform
<https://www.covidcertificate-form.admin.ch>

The Swiss certificate will be sent to the participant by email as a PDF. This can also be transferred via transfer code into the Swiss Covid-Zertifikat APP.

ATTENTION. Participants from UK do NOT have to convert their certificate into a Swiss certificate ANYMORE!

With warm, collegial greetings

Prof. Dr. Jochen Lange
President, scientific committee

Unlocking the power of your surgical videos

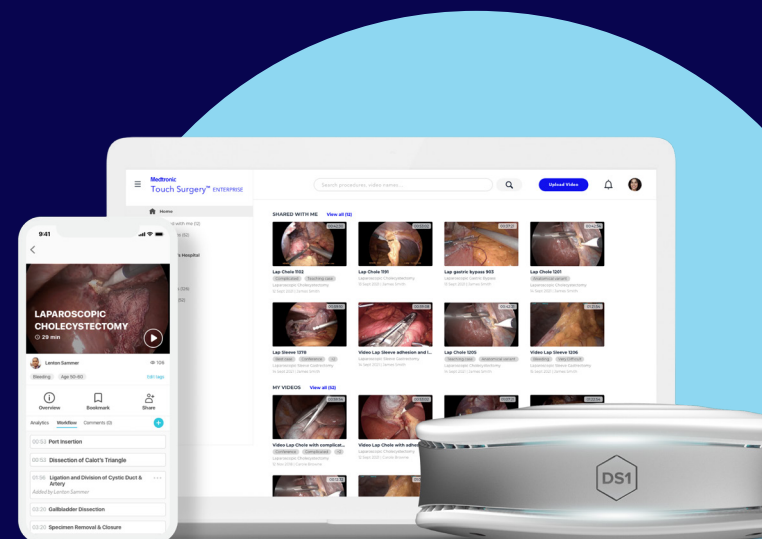

Symposium

Monday 29 November 2021
16.30 - 17.15
Main Auditorium

Digital Surgery solutions empower surgical teams with next-generation computing, visualisation, and artificial intelligence technology.

Join us to learn more about Touch Surgery by Medtronic.

A discussion on how digital technology can help enrich your surgical procedures, capture high performance surgical data and enhance surgical training anytime, anywhere.

Travel
Information
Official Carrier
Agreement

Special Lufthansa Group airlines fares

The Lufthansa Group airlines bring people together - every day, all around the world. The global route network of Austrian Airlines, Lufthansa, SWISS, Brussels Airlines and Eurowings offers optimal connection and combination options, so you will benefit from quick and direct flights to the event. You will reach the booking platform via this link <https://www.lufthansa.com/de/en/meetings-and-events-delegates> and with the event code **CHZLWGE**. The reduced fares are automatically displayed.

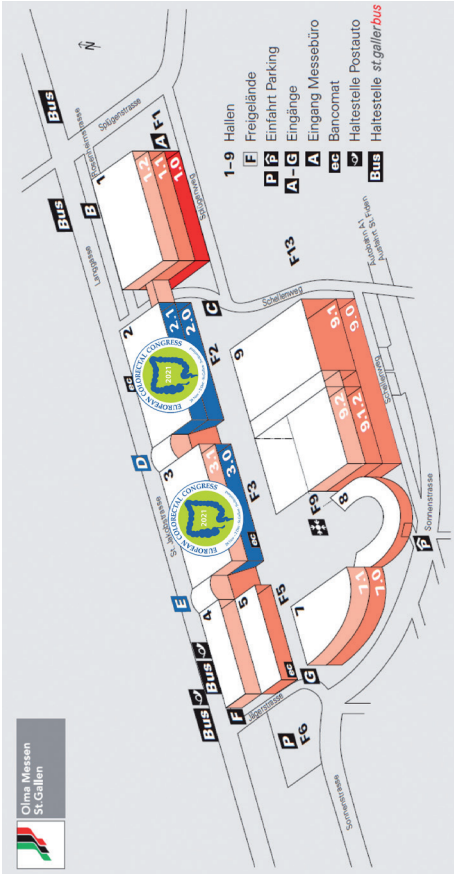

NB: Please enable pop-ups permanently in your browser while booking, otherwise the window in the booking platform will not open.

Of course, you can also book through your IATA travel agency. The travel agency can request the ticketing instructions by sending an email to lufthansa.mobility@dlh.de stating the event code **CHZLWGE**.

How to find us

- By public transport**
By train to Hauptbahnhof St.Gallen, then take VBSG bus no. 3 towards "Heiligkreuz" to stop "Olma"
- By car**
Motorway exit St.Gallen-St.Fiden (no. 82), then follow the signs.
- On foot**
approx. 10 minutes from St.Fiden

Real patients, real evidence!

Treating complex Crohn's perianal fistulas

Tuesday, 30th November 2021
16:30–17:15 CET

Prof. Oliver Schwandner

Head of the Department of Proctology
Hospital Barmherzige Brüder Regensburg, Germany

Join the conversation!

Please note: to attend the symposium, registration with the ECC is required

Learn how to identify patients suitable for treatment
with MSCs

Evaluate the clinical and real-world data for MSCs in
complex Crohn's perianal fistulas

Understand the importance of follow-up care for patients

CET: Central European Time; ECC: European Colorectal Congress; MSC: mesenchymal stem cell.

This educational symposium is intended for a global audience of healthcare professionals and has been initiated, organized, and funded by Takeda Pharmaceuticals International AG, Thurgauerstrasse 130, 8152 Glattpark-Opfikon, Switzerland.

This programme is not affiliated with the ECC.
